

Initial page (Fig 1)

The diagram illustrates the initial page layout for a system. It features three input fields and two action buttons, all set against a gray background.

- Protocol:** A dropdown box labeled "Dropdown Box (Fig 1a)" with a downward arrow icon. An arrow points to it from the text "Defaults as whois".
- Server:** A text box labeled "Text Box". An arrow points to it from the text "Defaults as whois.net.dcs.hull.ac.uk".
- Port:** A text box labeled "Text Box". An arrow points to it from the text "Defaults as 43".
- Look Up:** A black button with white text. An arrow points to it from the text "Clicks through to Fig 2".
- Update:** A black button with white text. An arrow points to it from the text "Clicks through to Fig 3".

graph TD; UsernameLabel[Username:] --- TextBox[Text Box]; Defaults[Defaults as Username] --> TextBox; Clicks[Clicks through to Fig 4] --> Submit[Submit]; Returns[Returns you to Fig 1] --> Cancel[Cancel];
```

Update Page (Fig 3)

The diagram illustrates the layout of an 'Update Page' (Fig 3). It features a light gray background. At the top, the title 'Update Page (Fig 3)' is underlined. Below the title, there are two input fields. The first is labeled 'Username:' and contains the text 'Text Box'. An arrow points from the text 'Defaults as Username' to the right side of this text box. The second input field is labeled 'Update:' and also contains the text 'Text Box'. An arrow points from the text 'Defaults as Update' to the right side of this text box. At the bottom of the form, there are two buttons: 'Submit' on the left and 'Cancel' on the right. An arrow points from the text 'Clicks through to Fig 4' to the 'Submit' button. Another arrow points from the text 'Returns you to Fig 1' to the 'Cancel' button.
